

The SILVER THREAD OF LIFE

*50 Original True Accounts of Divine Interventions
and Life-Changing Spiritual Events*

Do you sense there is more to life than you can see with your eyes?

If so, you are like the many people in these true stories who testified with open minds to the spiritual events, ethereal encounters, karma, and divine interventions that changed their lives. The story combines the author's military encounters, travel, and unusual situations, with personal stories that his clients' have shared with him throughout his 40 years as a tax preparer and Enrolled Agent with the IRS. The author believes that we are all connected spiritually through the thread of life which is our soul.

By: Phillip B. Chute

Many readers have stated that this book has changed their lives.

"The source of these tales gives the book a wholly unique perspective, as well as fascinating variety. Chute's compendium of examples ends up being both persuasive and inspiring. His insights into each example, and the overall phenomenon, are intriguing and unique in the field. Throughout, Chute demonstrates a clear capacity for empathy that draws others to share their secrets, and the craftsmanship required to organize these stories with such discretion and understanding. As long as one approaches this book with an open mind, there is a wide variety of wisdom and insight to be found in this deeply compelling book." **Self-Publishing Review ★★★★★½**

"The Silver Thread of Life is an insightful glimpse into the spiritual realm. I'm a firm believer in these forces which help people when they need it most. Written with compassion, each story unfolds, and the reader is immediately drawn in." **N.N. Light's Book Heaven ★★★★★**

"The lives affected by these revelations and interventions are compellingly presented, enhanced by Chute's attention to their interpretation. The result will cross new age and traditional spiritual boundaries alike, revealing the processes by which God and spirit influence everyday life circumstances to effect change, contemplation, and support." **Diane Donovan, Senior Reviewer, Midwest Reviews**

"Chute's recounting of these paranormal experiences is not flashy; he relays each story as is, making sure to emphasize that while these otherworldly situations appear miraculous (and they are), the incidents are more common than expected since they occur among ordinary people. The only difference is in one's approach to life's situations. That said, Chute offers sage advice to his readers... Leave yourself open to the universe, give yourself to the universe, and it will return your openness in kindness. Let your guardian spirits visit." **Anita Lock, Feathered Quill Reviews**
